

SMART MUSIC

We are thrilled to announce that South Washington County Schools has purchased a full, premium subscription for an online music education platform called *SmartMusic*! This online, browser-based platform is compatible with school-issued student Chromebooks as well as PC and Mac computers. *SmartMusic* allows students to play-along and record at home with an endless library of sheet music. There are full band pieces, method books, solos, duets, trios, quartets in all musical genres. There is so much to EXPLORE! Students will also receive real-time feedback on their progress as they record while playing along with an accompaniment or metronome. They can also create their own music with *SmartMusic Compose* and import existing MIDI/XML files of their favorite music on the internet. We are so excited about the many educational possibilities that this will allow for our WHS Band students this year!

All WHS Band students will be REQUIRED to use *SmartMusic* to submit graded class assignments. In order to use the software, your student will need to create a *SmartMusic* account and join the class using a class code. Here are the steps:

1. Open a Chrome browser and visit: <https://admin.smartmusic.com/join>
2. When prompted for a class code, enter the code that corresponds with the day (A or B day) your student has Band class as indicated on their schedule. Virtual Learning Academy students should also select the Band class for the day (A or B) indicated on their schedule.

1st Period Band "A" Day - HCXGR-ZUXEH

1st Period Band "B" Day - 4AWCG-LJGFH

2nd Period Band "A" Day - AZYRU-UAPJ4

2nd Period Band "B" Day - PDDG6-GQFRE

3rd Period Band "A" Day - YQWVG-6UCZT

3rd Period Band "B" Day - AAUFU-MKMLU

5th Period Band "A" Day - ZCQDK-VYXJK

5th Period Band "B" Day - NNLU2-JVUDL

3. Once your student has created their own *SmartMusic* account, they can immediately begin practicing new sheet music by browsing the online library and creating their own music with *SmartMusic Compose*.
